- child
- returned Sept 5/00 & seeking P.O.
- 1<sup>st</sup> child 2 y.o. ♂ is apprehended Cree Nation
- "Sam a p. ward of other agency"
- Hx of anger, aggression, ? ETOH/drugs
- hostility towards adults/authority
- was ambivalent at 1<sup>st</sup> about parenting child #1, spent ~2/12 in supported parenting environment & then couldn't handle baby's needs so apprehended. & has not visited since
- 2<sup>nd</sup> preg also "hidden" from anyone, no prenatal care
- 2<sup>nd</sup> baby parents said they were ambivalent / had made no plans to parent so apprehended
- 2/7 later decided to parent
- prior worker felt ? post partum depression or some mental health issue
- cooperative to agency requirements to date
- has teaching / support worker 2x/wk (8 hrs) feels doing good. Steve stronger parent ?!
- ? why ambivalence re parenting ? ? depression
- to see how I'm doing about myself
- wasn't sure if ready to parent to birth + then thought about it & began to feel

- daughter + love her.

Stes - not sure at time, but after visits decided to take care of her.

- afraid that Dr. would sexually touch me, 20 Tr. & aunts. & no prenatal care.

- we talked about baby, but didn't come to decision.

- mixed feelings about preg, not planned, mostly neg. feelings. And since didn't want to have child for awhile.

- wanted Educ<sup>n</sup> / job.

- started school Sept 5 @ 10

- Steve @ 10 : look for job after daycare arranged, would like to make my own money.

- mad / sad / depressed.

- Steve: sex whenever she's ready.

- Sam: never much interested in sex.

- Sam: happy, would like to be off welfare.

- Steve: lonely.

Sts - CFS - O.K. not hugging us.

→ not depressed. mental health O.K. ? issues re sex / marriage / parenting.
